“Pain Free” Dental Plan*

PAIN FREE
— DENTISTRY GROUP —

OUR ESSENTIAL CARE PLAN

Our team provides high quality dental care in a relaxed, comfortable and pain-free environment. We have a career long commitment to delivering up to date techniques and modern high-quality dentistry. We have measured the effects of the regular attendance of our members and with the delivery of preventative and early problem detection we have drastically reduced their need for treatment as well as the associated costs.

This platform for lifetime oral health supports a reduced risk of general health issues including heart disease, stroke and diabetes. We encourage such an approach and with this in mind we have designed our dental plan to reward our loyal members, allowing us to plan your care more effectively and reduce your need for further treatments whenever possible.

When you join the plan you will have peace of mind that all your preventative needs are covered in a small convenient monthly payment as well as providing emergency relief for dental problems whilst on holiday.

“Pleasant and pain-free experience each and every visit - never thought I'd say that about a visit to the dentist!”
- John McAteer

“I have been a patient here for over a decade and my treatment throughout has always been excellent. I am particularly taken with the care that is taken to focus on my needs and requirements. In simple terms I keep coming back because I'm treated as a person and a valued customer, not a number.” - Nicholas Rynn

“1st class pain free and I have a phobia. Can't recommend it highly enough staff excellent. Overall a great asset to the dentistry experience.” - Hans Stetz

“Having avoided the dentist for years through not being a good patient the staff at Tooth Doctor have been amazing. Helping keep me calm while having treatments. They have also went out of their way to accommodate my difficult schedule for work to be done. I highly recommend using Tooth Doctor if you need any dental work done. Even more so if you have fears or phobias.” — Kevin Rooney
